Motion Systems

RCW Heavy Duty Winch Drives

Best-in-class performance

MATCHING MIND

Experience

PERFORMANCE

A **broad selection** of winch drives created to adapt mindfully to your needs. Thanks to their **compact design** and **ability to work in different critically harsh environmental conditions**, these winch drives will suit many shipyard applications and are a **high-performance solution** for applications across the entire marine industry. Providing close support based on **expert knowledge** regarding all aspects, Dana is present **globally and locally** to guide your choice and **assist you throughout the product's lifecycle**.

Experience

ADAPTABILITY

Auto-adaptive winch drives for cranes, tensioners, shipyard applications and the marine industry worldwide.
Designed to **match lifting capacity up to 330,000 Nm Fem**
standard torque rating @25rpm.

Suitable for
hydraulic

and
electric motors

Experience **SAFETY**

Dana is committed to improving the performance and safety of your equipment. This heavy duty range is supplied with a **safety device**. Thanks to their versatile concept, these new-generation winch drives are specially developed for diverse applications within the marine industry.

RCW Winch Drives NEW HEAVY DUTY RANGE

- **Heavy duty range features 8 sizes**
- **Up to 330,000 Nm FEM standard torque rating @25rpm**
- **Marine-resistant paint**
- **Solutions fit well everywhere**
- **Spring applied/hydraulic release and multi-disc static brake**
